Education

Management Information Systems   Sep 2020 - Jun 2024
Ataturk Unversity, Erzurum

ABOUT ME

I'm Muhammed Narman. Ataturk University Management Information Systems I am a student of the department. I chose this department because of my interest in software. We will develop projects for software languages such   as HTML5, CSS3, BOOTSTRAP5, SQL. I know level. Having mastered web development as a field then have great competencies in the field of mobile application development I want. I love reading books, walking, watching movies.
